

Promotion 2022

There have been several questions raised about how many teams will be promoted and relegated. We cannot guarantee the numbers to be relegated as this depends to some extent on how many teams come down from the HCPCL, new teams coming in etc. We can confirm however the promotion places. Taking account of the above, the number of teams relegated from each division will be whatever is required to facilitate the following promotions.

Please Note:

All promotions are subject to teams meeting the required ground and facility standards. On this, we are not flexible.

From Div 1 to HCPCL.	1 team subject to meeting HCPCL conditions
From Div 2 to Div 1	2 teams
From T3 to Div 2	2 teams, i.e. the top team in each Tier 3 division
From T4 to T3	4 teams, i.e. the top 2 teams in each T4 division
From T5 to T4	4 teams, i.e. the team finishing top of each T5 division. Plus the team with the highest number of points finishing second in a T5 division
From T6 to T5	9 teams, i.e. the top 3 teams in each division in T6
From T7 to T6	9 teams, i.e. the top 3 teams in each division in T7
From T8 to T7	9 teams, i.e. the top 3 teams in each division in T8

This is based on the merger agreement document and was guaranteed for 2 years. Although not confirmed, it is likely that in 2023, promotion will be limited to 2 teams (maximum) from any division.
