Cherwell Cricket League

Treasurer's Report 2026

With the influx of extra Clubs and teams, the the income from balls rose considerably.

The small profit from the sale of balls offsets against the cost of hosting rep games and providing a cup schedule.

We have added insurance costs to cover the cups.

Minimal fines, which were for non attendance at AGM.

A small number of in season registrations were recorded.

Concessions were £2300 but offset against reimbursing this amount back to Clubs.

With a larger number of Clubs this season, the admin burden is very high but no committee member has claimed any expenses against this.
